"Home of the Christian Based High School Equivalency Exams"

Dear Friend,

Thank you for your interest in the "Cornerstone Christian Correspondence School". We appreciate your desire to know more about earning your high school diploma from a Christian School. We are a private High School Diploma Program and not affiliated with any State Program and are Privately Accredited thru Accrediting Commission International.

Graduating high school from the comfort of your home may not be as difficult as you may think. You have probably thought about how things might have been different if you had only finished high school. Perhaps you have even considered going back to school to complete your education. We know that there are many other programs that are available to you that can help you pursue your dreams, but there is no other program available like ours. You can join the thousands of other students who have received their high school diploma by correspondence. Your hopes of being a "graduate" can be a reality in just a few short days, or at the most, a few short weeks.

Here's how the program works: order the series of five tests that cover the main courses of study, take the test under the supervision of a family member or friend, 21 years of age or older, who can monitor your testing, and send the tests to us for grading, and wait a few short days for your results.

The tests are on the subjects of Language Arts, Writing Skills, Social Studies, Science, and Mathematics. If you pass all of the tests with a grade of 70 or better, we will send your high school diploma to you in the mail. The diploma is suitable for framing and has our gold seal embossed on the bottom. You will be proud to show your family and friends that you have received your diploma and have become one of our newest graduates.

If there are any of the five tests that you did not pass, you will receive a study guide on the subject that you need additional time to study on. After you have refreshed your memory on that subject, simply retake that particular test. After you have passed any retest, you may graduate. If you are interested in entering the military or going to college or technical school, **be advised that some branches of the military and some colleges (usually state funded colleges or universities) do not accept correspondence school diplomas. It is your responsibility to determine the suitability of this program for your needs.**

This program is fast, convenient, and affordable. There are some restrictions that may apply, so read the requirements carefully and send for your testing packet today.

Let us help you reach your goals and dreams of graduating high school and receive the benefits that continuing your education can bring.

Sincerely,

Dr. William B. Brown, C.Ed.

President

A Message from The Accrediting Commission International, Inc.

An accrediting organization is a “watchman on the wall”. Webster defines accreditation as to give trust or confidence to; to vouch for; to recommend; to furnish with credentials, as an envoy or ambassador. Every accreditation group is not the same. They are different and focused in different areas of accreditation.

Accrediting Commission International is an international accrediting commission which holds as its primary objective the encouragement and maintenance of sound scholarship and the highest academic achievement in the areas of private education. Quality education is the goal at all times. Its purpose is the preparation of quality education in private school, colleges, and theological seminaries. It is a non-governmental body and makes no claim to be connected with the government.

A degree covers the major taken with that degree. A student or potential student must understand that credits taken in one type of program may or may not transfer to another type program. This is the sole determination of the receiving institution.

The job market is highly competitive. Training is specialized in most fields. A graduate in one field may have difficulty in being hired in a field they are not certified for.

By signing the application, I am signifying that I have read and understand the terms and conditions explained in the application packet and understand the type of program for which I have applied and neither ACI nor Cornerstone Christian Correspondence School, Inc. is responsible for my employment goals.
